

Breanna's Disney Cruise

Breanna is an 15-year-old from Miami who is dealing with the everyday hardships of Juvenile Rheumatoid Polyarticular Arthritis. Breanna loves hanging out with her band and making music. She also loves to read Harry Potter books. Her favorite color is red and she loves twizzlers! Breanna's wish is to go on a Disney Cruise. Her wish will come true on August 9th, when she and her family are picked up in a limousine and whisked off to the airport to catch their flight to Orlando. From Orlando, they will make the short trip to Port Canaveral and board the Disney Wonder for a five-day adventure that will take them to gorgeous places in the Caribbean, including Nassau, Bahamas and Castaway Cay, Disney's private island paradise. While on the ship Breanna will enjoy Broadway-style live shows featuring Disney characters and swimming in the Mickey-shaped swimming pool. She is also very excited about her Blue Lagoon Island Dolphin excursion. As an extra special touch, each night when Breanna arrives back to her cabin, she will receive special letters and surprises from the characters on board. We have encouraged Breanna to take lots of pictures and look forward to sharing them with you! Thank you for making Breanna's wish come true!
